TStat is pleased to announce that the XI Italian Stata Users Group meeting will take place in Milan on the 13th and 14th November 2014. The meeting provides Stata users working in different research areas, with a unique opportunity to exchange ideas, experiences and information on user written routines and applications. Stata users interested in contributing to the meeting are encouraged to submit their proposals to the scientific committee. As in previous years, the emphasis will be on:

- the development of new user written commands or procedures currently unavailable in Stata.
- the use of Stata in previously unpublished empirical research. Research adopting commands/methodologies new to Stata 13, are particularly welcome.
- other applications of Stata of general interest, such as data management or teaching with Stata, are also encouraged.

On the second day of the meeting, we will once again be offering participants the chance to attend one of our training courses. Details of which are forthcoming.

SUBMISSION OF ABSTRACTS

Authors, interested in presenting their work, are requested to submit an abstract to the scientific committee in electronic format to statausers@tstat.it by the 08.09.2014. The author's name, affiliation, and a telephone number should be included in the email. Presentations are "normally" 25 minutes long, followed by 10 minutes of discussion, longer presentations are however, also welcome. In such cases however, it would be appreciated if authors also indicated an estimated presentation time. A preliminary selection will be made by the scientific committee, on the basis of submitted abstracts, by the 12.09.2014. The final version of the paper must be submitted to the conference organiser by the 24.10.2014.

REGISTRATION & FEES

To request a registration form please email statausers@tstat.it. Duly completed registration forms must be submitted by the **3.11.2014**.
